

Select a number:

Customizing the theme of Streamlit apps

Contents of the `.streamlit/config.toml` file of this app

```
[theme]
primaryColor="#F39C12"
backgroundColor="#2E86C1"
secondaryBackgroundColor="#AED6F1"
textColor="#FFFFFF"
font="monospace"
```

Selected number from slider widget is: 4

`primaryColor="#F39C12"` - This sets the primary color to orange. Notice the orange colors in the slider widget.

`backgroundColor="#2E86C1"` - This sets the background color to blue. Notice the main panel has a blue background color.

`secondaryBackgroundColor="#AED6F1"` - This sets the secondary background color to dark gray. Notice the gray background color of the sidebar and the background color of the code box in the main panel.

`textColor="#FFFFFF"` - The text color is set to white.

`font="monospace"` - This sets the font to monospace.
